Are you the mother of a 3 year old? Do you often feel like you’re on an emotional roller coaster? Do you have a history of troubled relationships? Does life feel too stressful?

You and your child may be eligible to participate in a research study about emotion regulation at the University of Pittsburgh.

- Interviews, questionnaires, interactive tasks
- Eligibility interview & 4 study visits in Oakland over 12 months
- Some mothers may be able to receive evidence-based interventions
- Compensation provided to parent and child
